Fall Planting Bulletin

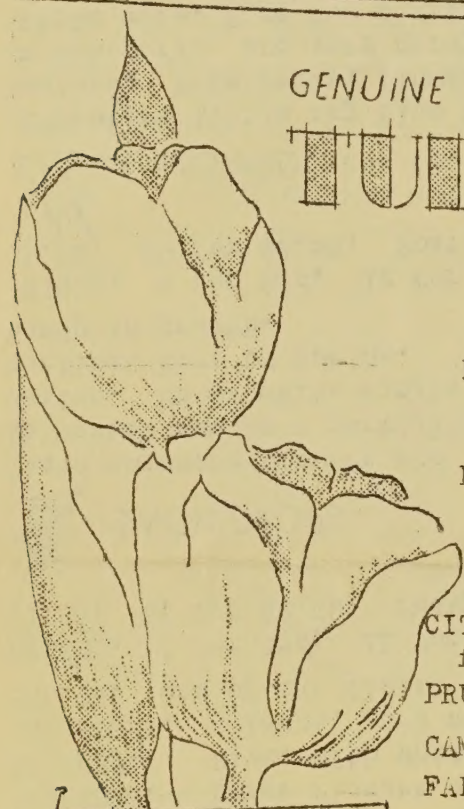

KANSAS LANDSCAPE & NURSERY CO.

1416 EAST IRON SALINA, KANSAS PHONE : 7-0051

what should we plant in the fall . . ?

In this bulletin are listed the items that are best planted in the fall as well as those that may be planted in either fall or spring. Experience has proved to us that such items as DORMANT ROSES, FRUIT TREES, LOMBARDY POPLARS, WEEPING WILLOWS, as well as certain shrubs are much better planted in the SPRING. Hence we do NOT offer them in the fall. Remember..there are many items that may be planted in the fall in other sections that will not survive if planted in the fall in Kansas. Dutch Bulbs must be planted in the fall in order to bloom the following springs.

BLEEDING HEART

FALL IS THE BEST TIME to plant this grand old-fashioned perennial. It lasts almost a lifetime in one location, bearing graceful pink flowers in May.

PRICE: \$1.00 each

PERENNIALS FOR FALL (continued)

LILIES

MADONNA LILY. Pure waxy white. Blooms in May and June. Must be planted between August 15 and September 15. Prefers poor soil and will grow in partial shade. **LARGE BULBS:** 65¢ each; 4 for \$2.00

REGAL LILY. Pearly white, pink tinged, and with a golden throat. Blooms in June and July. Hardy and easy to grow. **LARGE BULBS:** 55¢ each; 3 for \$1.50, postpaid.

TIGER LILY. This old-fashioned favorite is very robust in habit and of easy culture. It extends the blooming season of the lilies by blooming in July to September. The color is rich salmon orange, spotted with glossy black. **PRICE:** 35¢ each; 3 for \$1.00, postpaid.

SURPRISE LILY (*Lycoris squamigera*)..... Also called "Hardy Amaryllis" or "Naked Lady". Produces attractive green foliage in early spring which grows until July and then completely disappears. About a month later, as if by magic, the flower stalks spring from the ground without foliage to a height of 2 to 3 ft. bearing delicate pink lily-like flowers, 8 to 12 in number. The bulb is perfectly hardy. Cover crown about 4 inches in planting. **PRICE:** \$1.00 each; 3 for \$2.85

DELPHINIUM Another popular perennial that is easily planted in the fall. We offer the only two varieties that we have found suitable and easy to grow in this section.

BELLADONNA IMPROVED. Light of turquoise blue.

BELLAMOSUM IMPROVED. Dark blue with a white bee.

PRICES: 40¢ each; 3 for \$1.00; 12 for \$3.50, postpaid.

MORDENS LYTHRUM No plant easier to grow. A new perennial that has proved itself in Kansas. It makes a neat, symmetrical plant about 2 feet high, bearing graceful spikes of exquisite rose-pink flowers of "crepe paper" texture. Blooms all summer. Fine for cutting. In fact the more you cut it, the more it blooms. **PRICE:** 50¢ each; 3 for \$1.25; postpaid.

COLUMBINE

Although Columbine may be planted in either the fall or spring, we believe that fall planting is the best. You will get blooms early next spring if you plant this

fall. We offer the following 5 varieties:

CRIMSON STAR. Superb long spurred flowers of deep rich crimson with inner petals of white. Distinctive and striking.

LONG SPURRED BLUE SHADES.

LONG SPURRED ORANGE AND SCARLET SHADES.

SILVER QUEEN. Large long spurred flowers of rich silvery white. You have to see these flowers to appreciate them.

MRS. SCOTT ELLIOTT. Exquisite long spurred flowers of beautiful pastel shades in mixed colors. Most are two-tone. Most popular variety.

COLUMBINE PRICES: (All varieties except Crimson Star.) 40¢ each; 3 for \$1.00; 12 for \$3.50, postpaid. **CRIMSON STAR.** 50¢ each; 3 for \$1.25, postpaid.

COLUMBINE SPECIAL

10 plants (1 each of the first 4 varieties plus 6 plants of Mrs. Scott Elliot.) All postpaid for \$3.00

ALYSSUM saxatile compactum (Basket of Gold). An excellent low border or rock garden plant growing about 9 inches high. Almost as soon as winter is over, it becomes a mass of yellow gold. A fine companion for spring bulbs. **PRICE:** 40¢ each; 3 for \$1.00.

SHILKA IRIS A new addition to the Iris family producing quantities of exotic, artistic little flowers of orchid and blue mingled with creamy white, yellow, and brown, on tall branching stems. The flowers resemble small orchids in shape. Very hardy and easy to grow. Plant in well-drained soil, in full sun or partial shade. **PRICE:** 50¢ each; 3 for \$1.25; 12 for \$3.50, postpaid.

REMEMBER. Fall blooming perennials such as Hardy Asters and Chrysanthemums are planted in the spring.

NOTICE

Refer to our spring catalog which was mailed to you last spring for more complete descriptions and for varieties not listed in this bulletin.

We do not recommend the planting of Spruce in the fall.

SHADE & ORNAMENTAL TREES

THE GREAT PLAINS REGION NEEDS MORE SHADE TREES

Although it is wise to place your order early, you should remember that shade and ornamental trees cannot be dug and transplanted until we have had enough frosts or freezing weather for the LEAVES TO FALL and the TREES TO BECOME DORMANT. This depends on the season but usually occurs in November. Trees such as Weeping Willows, Poplars, and Fruit trees are best planted in the spring and, therefore, we do not offer them in the fall.

Space does not permit descriptions so we are merely listing the varieties and prices. Refer to our spring catalog for detailed descriptions. Send in your order early so the trees can be dug and shipped at the proper time for planting. PRICES ARE NOT PREPAID.

Broad-Leaved EVERGREENS

Broad-leaved evergreens include a group of shrubs and perennials that in more favorable climates hold their leaves the year around. However, in this section, most of them shed when sub-zero weather comes, but leaf out again in the early spring.

EUONYMOUS PATENS

Form dense, compact shrubs with leathery, glossy, dark green leaves, retained throughout most of the winter. Valuable to use in foundation plantings with evergreens to relieve formality and stiffness.

SMALL LEAF. Dwarf growing; smaller leaves, dug balled and burlapped.

12 to 15 in...\$2.25 15 to 18 in...\$3.00

LARGE LEAF. Grows 3 to 4 ft. high. Bears clusters of orange-scarlet berries in the fall and winter. Dug balled and burlapped.

PYRACANTHA FIRETHORN

A broad-leaved evergreen shrub that is grown especially for its brilliant orange red berries that remain on nearly all winter. It also bears clusters of white flowers in the spring. Grows about 3 to 4 feet high and can be used in the foundation planting or shrub border. Attractive foliage that stays on until severe cold weather. Berries make attractive bouquets. Strong plants growing in special removable containers; sure to grow.

GARDEN SUPPLIES

ANACONDA

One of the best fertilizers for Kansas soils, as it contains nearly twice as much nitrogen and phosphorous as any other plant food, and it

is these two elements that are the most lacking in Kansas soils. Therefore, only about one-half as much is needed.

PRICE: 100 pound bag.....\$6.00

VIGORO

A complete and balanced fertilizer that contains all ELEVEN elements necessary for plant growth. Ideal for lawns, trees, shrubs, flowers, vegetables and, in fact, anything that grows. Fertilize Bluegrass lawns in February or March and again in September. Fertilize Velvet Grass and Bermuda Grass lawns during the month of April or Early May.

PRICE: 100 pound bag.....\$4.25

HORTICULTURAL PEAT

Valuable as a source of soil humus. It makes heavy soils more friable and workable. Helps light, sandy soils hold more moisture. Prevents soil from baking and cracking during hot weather. This will hold approximately 15 times its weight in water. Almost indispensable in preparing soil for potting, porch boxes and flats. Valuable as a mulch on lawns and gardens. Ours is a special fine-milled horticultural peat and isn't advised for poultry..

LARGE BAG (approximately 4 bu.).....\$3.75

SMALL BAG (approximately 1 pk.)..... .50

RA-PID-GRO

A new development in fertilizers, using water as a carrier. A complete liquid plant food, it is clean & easy to use. As well as general garden use, this is excellent for house plants..

2 oz. pkg...\$.25 1 lb. can...\$1.25

2 lb. can...\$2.35

BLUE GRASS *Lawns.*

DUTCH WHITE LAWN CLOVER

For best results with bluegrass lawns, sow white clover with the bluegrass seed at the rate of about 1 lb. to every 5 lbs. of bluegrass. Such lawns are more resistant to heat and grubs. PRICE per lb....\$1.75, not prepaid.

KENTUCKY BLUEGRASS

The proper time to plant bluegrass seed is about September 10 to October 15; It may be planted sooner in September if the weather cools off and fall rains start, but as a rule it is safer after September 10. HIGH QUALITY SEED: \$.90 per lb.; 5 lbs. for \$4.25; 10 lbs. for \$8.00. Not prepaid.

ROSES For Fall

POTTED AND READY TO PLANT

Due to the fact that field roses do not become dormant until in December, we do not handle dormant, (bare-rooted) roses in the fall. For your convenience, we have most varieties growing in special removable containers that can be moved now or anytime. They can be moved in full bloom without a setback. Since a potted rose weighs about 11 lbs., they are very difficult to ship, so we are offering these to our "drive-in" trade only. We invite you to come in, look them over, and

select the plants you like the best. We feel these are well worth the difference in price from dormant stock, because they are sure to grow, they are in full leaf, and most of the varieties are beautifully in bloom.

ALL VARIETIES, EXCEPT PATENTED.....\$1.50 each.
